

**Chrissy Heller '15** is a supply chain manager at Sysco managing over 60 suppliers, leading transportation optimization projects and negotiating freight programs. She works closely with the category management and sourcing departments at Sysco to develop national supply chain strategies. Chrissy started her career as market research analyst at a technology company, and prior to joining Sysco she worked for the NPD Group presenting and analyzing consumer research data for grocery and beverage suppliers. Chrissy has an undergraduate degree from the University of Texas at Austin.
